Leaving South Korea?

Your preparation checklist

Make your departure, shareholdings and local administration part of one practical plan.

01 Map your move

Record your origin, possible destination, intended dates and who is moving. Note what is decided and what is still open.

02 Record what stays and what changes

List homes, family arrangements, work, accounts, investments and business interests that need attention.

03 Gather the useful records

Keep relevant housing, travel, identity and financial records together. Note missing documents rather than guessing.

04 Prepare your questions

Which shareholdings should receive a departure-tax review?
What emigration or tax-representative steps should I check?
What Korean income or assets will continue after my move?

05 Choose your next step

Build your free Exit Plan. Order a compiled report or a separately agreed written review only when you want that additional service.
